Technology built for real estate investors and the brokers who serve them.

We know every investor is different. Our platforms are designed to scale with their needs.

QUBIE provides instant coverage for individual rental properties.

TIMS manages larger portfolios with advanced reporting and integrations.

Watch our TIMS demo:

QUOTE, UNDERWRITE, BIND, ISSUE, AND ENDORSE

QUBIE is SES's instant insurance platform designed for single-family rental investors with 1–4 units per location.

- Third-party data integrations for faster, smarter quoting
- Seamless APIs for connectivity with existing systems
- Instant, integrated payment options
- Real-time endorsements and policy updates
- Property management system integrations
- Built-in e-signature for end-to-end digital processing

QUBIE simplifies workflows so brokers can deliver coverage in minutes, not days.

TOTAL INSURANCE MANAGEMENT SYSTEM

TIMS is SES's proprietary platform built for portfolios of 5+ properties and multi-family rentals.

- Separate billing, tracking, and reporting by LLC or ownership
- Quick quote functionality and premium previews for endorsements
- Mass upload of large property schedules
- Integrated replacement cost tool included at no charge
- Real-time policy issuance and endorsements
- Portfolio management features including follow-ups, document storage, images, and notes

TIMS helps brokers manage dynamic real estate portfolios with efficiency and scale.
